Salt N' Tales

GOOD • MOOD • FOLK

About Us

When Salt N' Tales enter the stage, any venue turns into a pub. A place where strangers come together, sing along, and forget everything else for a little while. It all comes down to one simple phrase:

Good Mood Folk

The band blends traditional irish sounds with modern energy, somewhere between folk, rock and honest, handcraft music.

With fiddle, accordion, driving rhythms, and rich vocal harmonies, they create an authentic sound that goes straight to their headt while getting everyone on their feet

Salt N' Tales stands for what music is truly about: community, emotion, and pure joy of life.
